

Something to make...with coins!

Have you made rubbings from coins?

You need coins, wax crayons or coloured pencils and paper

Put the paper over the coin and rub the edge of crayon over the coin and you should have a copy of the coin.

What is on your rubbing? A picture of the queen or something else? They a different coin or the other side of the coin. When you have lots you could cut them out and make them into a shape...
