

Hello!

What do you think makes someone a hero? Can you think of any heroes? You might think of a hero as someone with great strength or special powers, or maybe someone who overcomes things and helps people. Do you know who these superheroes are?

This is Superman he is powerful because he can fly, he's incredibly strong, and he helps people...

Here's Captain America. He has incredible speed, strength,

Can you name these heroes? They have been in the news during lockdown for helping others.

This isn't a superhero! Jesus came to Earth to rescue and save people, but it didn't quite happen the way most people expected. People thought that He would be a powerful physical hero that would set up a new kind of rule for the people.

But that's not the kind of hero Jesus was, there was a twist when He announced that He was going to suffer and die. Even his disciples didn't like hearing that. What kind of leader announces he's going to let himself be captured and killed? Peter tried to tell Jesus that He was speaking nonsense, but Jesus explained that Peter didn't fully understand what he was talking about.

Sometimes it is hard to accept a difficult truth, Jesus promises to be with us and always help us. He knows how hard life is, because He was willing to go through pain for us. He will listen to our cries every time we pray.
